

HP iPAQ h6315 Pocket PC with 3-way wireless capabilities

The 3-way wireless capabilities allow you to stay connected inside and on-the-go.

The HP iPAQ h6315 is the one global device for all your mobile communication needs and is powered by Microsoft® Windows® Mobile software. The first and the smallest handheld with integrated 3-way wireless capabilities (GSM/GPRS, WLAN, and Bluetooth® wireless technology) to give you high-speed wireless voice and data connectivity at home, at work and on the go.^{1,2,3}

GSM/GPRS global voice and data wireless network

- Provides the broadest high-speed wireless connectivity while you are on the go to access the Internet, email, text messaging, in addition to making wireless phone calls^{2,3}
 - o Read and reply to your business and personal email^{1,2}
 - o Receive phone calls while you work wirelessly²
- GSM networks deliver high quality mobile voice and data services (such as Short Messaging Service (SMS) and Multimedia Messaging Service (MMS) with roaming capabilities across the world²
 - o MMS messaging lets you send messages that combine text, sounds, images and video to MMS capable devices
 - o SMS messaging lets you send text messages to and from SMS capable devices
- GPRS networks offer “always-on”, access to Internet-based content and data services world-wide³

Integrated WiFi (WLAN 802.11b)

- Enables high speed wireless access to the internet, email, and corporate data solutions¹

- Connect at the office, home, or WLAN hotspots (even your local coffee shop)⁴
- Create personal networks using peer-to-peer communication with another WLAN-enabled device for collaboration and information sharing⁴

Integrated Bluetooth® for wireless communication with other Bluetooth® devices¹

- Use a Bluetooth headset for hands-free voice communication
- Connect to the iPAQ Navigation System which provides you a complete in-vehicle navigation system with turn-by-turn directions to any address nationwide
- Print your pictures, email and documents to a Bluetooth equipped printer
- Exchange business cards, calendar appointments, documents, and more with other Bluetooth devices
- Wirelessly synchronize data with your Bluetooth desktop or notebook PC using ActiveSync
- Access the Internet¹ or your email via a Bluetooth enabled mobile phone^{1,2}
- Create a cable-free office

Achieve greater productivity with reliable technology

- Removable, snap-on thumb keyboard lets you easily compose email, notes and instant messages
- Built-in camera allows you to take a quick picture and share it by sending it wirelessly from your handheld to any email address (available on select models)
- Removable / rechargeable Lithium-ion battery for continuous power
- 3.5” transreflective TFT 64K color display provides larger image size and better viewing than on a phone

Ultimate mobility and connectivity

HP iPAQ h6315 series Pocket PC

Specifications

Integrated wireless ^{1, 2, 3, 4}	Integrated quad band GSM/GPRS, WLAN 802.11b, Bluetooth [®] 1.1, IrDA and USB
Operating system	Microsoft [®] Windows Mobile [™] 2003 software for Pocket PC – Phone Edition Pocket versions of Microsoft software are included (Outlook, Word, Excel and Internet Explorer for Pocket PC)
Processor	Texas Instruments OMAP [™] 1510
Display	3.5" (89mm) Transflective TFT color with LED backlight
Camera (on select SKUs)	Built-in VGA, 640x480 resolution
Memory	64-MB SDRAM, 64-MB Flash ROM Memory (55-MB user accessible) Up to 20-MB iPAQ File Store (varies by SKU)
Dimensions	4.68" x 2.95" x .73" (119mm x 75mm x 18.7mm)
Weight	6.7 oz (190 g)
Indicators	Power Button Charge and Notify indicators Blinking green – notify; Blinking amber – charging; Solid amber – full charge LED 1 GSM/GPRS Blinking green LED – radio ON with signal; Blinking amber LED – radio ON without signal LED 2 – Bluetooth Blinking blue LED – radio ON LED 3 – WLAN Blinking green LED – radio ON with signal; Blinking amber LED – radio ON without signal Phone Notification Vibrate, Audible, Visible message on the display
Power	Battery - Removable/Rechargeable 1800 mAh Lithium-Ion user swappable battery. Optional extended 3600 mAh Lithium-Ion battery available for purchase AC Power - AC Input: 100~240 Vac, 50/60 Hz, AC Input current: 0.3 Aac max Output Voltage: 5Vdc (typical), Output Current: 2A (typical) NOTE: Battery run time varies based on the usage pattern of an individual user and the configuration of the handheld. Use of internal wireless capabilities and backlight will significantly decrease battery run time. Based on PRD TW.09 measurements to GSM Association/ECTEL Battery Life Measurement Technique Document.
Expansion	Integrated SD slot - Supports SD/MMC type standard, SDIO ready
Audio	Integrated microphone, receiver, speaker and one 3.5 mm stereo headphone jack, MP3 stereo (through audio jack and speaker)
HP exclusive applications	iPAQ Wireless: utility that simplifies the connection management of the three wireless features HP Profiles: utility that allows the user to define profiles for wireless connectivity Bluetooth Manager iPAQ File Store: non-volatile storage in flash ROM iPAQ Backup: utility for Backup/Restore to Main Memory, Memory Card or iPAQ File Store HP Image Capture: application to take digital photographs with the integrated camera HP Image Zone for Pocket PC: view, edit images and create slide shows HP Image Transfer: application to transfer digital photographs from the iPAQ to your personal computer Utilities: Self Test, iPAQ Audio, Power Status
Ergonomic design features	4 programmable application launch buttons – defaults Inbox, Contacts, Voice Record and Camera buttons (on select SKUs) Rubber sides for a comfortable grip
