

Introducing the **NEW STATE-OF-THE-ART LEADER...**

16K PLUS

**HIGH RELIABILITY
MEMORY BOARD
FOR THE S-100 BUS**

**IDEAL FOR CROMEMCO
64K DISC SYSTEMS**

**Fully meets proposed
IEEE Standard**

**Specially designed for the new high speed
disc systems using DMA and Time Sharing**

16K PLUS

• **Bank Select**

This feature allows running up to 512K of RAM and multiple users on your system. It is fully compatible with Cromemco software, using output port 40H.

• **Parallel Addressing Feature**

You may choose to locate blocks of RAM at more than one address simultaneously. This feature is ideal for mixing North Star software, which begins at 2000H, with other software beginning at 0000H. With parallel addressing you can locate blocks of RAM in the lowest 8K and at some higher address at the same time.

• **High Reliability**

Reliability begins at Seattle Computer Products with proper design. All inputs to the board have Schmitt triggers which provide superior noise immunity. Next, we select only first quality components for assembly. To catch infant mortality, we test all boards following assembly, fully burn them in, and then retest at full operating speed. Rigorous quality control is used throughout the manufacturing process.

• **Fully Static TMS 4044**

These Texas Instruments 4K by 1 fully static memory chips require no critical clocks or refresh. They allow a straight-forward, clean design ensuring S-100 bus DMA compatibility.

250 nsec. chips — \$445

450 nsec. chips — \$410

The 16K PLUS board is offered fully assembled and tested only.

Guaranteed: USA customers — parts and labor guaranteed for one full year. You may return undamaged board within ten days for a full refund (factory orders only — dealer return policy may vary). Foreign and kit purchasers — parts only guaranteed; no return privilege.

Check with your local computer dealer

If our board is not in his stock, he can get one in three to five days.

Factory Orders — You may phone for VISA, MC, COD orders. (\$3 handling charge for COD orders only) Purchase orders accepted from recognized institutions. Personal checks OK but must clear prior to shipment. Shipped prepaid with cross-country orders sent by air. Shipping — normally 48-72 hours. Washington residents add 5.4% tax. Spec. sheet, warranty statement sent upon request.

Standard S-100 Memory

Our standard 16K RAM boards using the TMS 4044 have been reduced in price. This is the same board sold worldwide to satisfied customers since January.
