**TRS-80 Model 4 Is the Logical Choice.** For performance and price, our Model 4 desktop computer is the professional approach to improving your productivity. It has features built-in that cost extra in other computers—features that will make your job a lot easier.

**Designed to Make Hard Work Easy.** The easy-to-read 80-character by 24-line display and 64,000-character memory make Model 4 perfect for complex spreadsheet analysis. To speed operations, our "MemDisk" emulates a super-fast disk drive in memory for keystroke-quick responses instead of time-consuming disk access. A built-in print spooler lets you work on one job while printing another.

**Versatile and Powerful.** We designed Model 4 to be completely compatible with our existing line of word processing, time management, electronic filing—in fact, *all* TRS-80 Model III software. And soon you'll be able to choose from thousands of CP/M®-based programs.

**See It Today.** Get a demonstration of the TRS-80 Model 4 (Cat. No. 26-1069) at your nearest Radio Shack Computer Center, participating store or dealer. Be sure to ask about our leasing, training and service plans, too.
