

# Introducing the most powerful personal computer IBM has ever made.

## The new IBM Personal Computer AT.

Hold on to your hat.

The new IBM Personal Computer AT (for Advanced Technology) is based on the advanced 80286 16-bit microprocessor. This remarkable computer will run many of the programs written for the IBM PC, up to three times faster. You'll be able to recalculate large spreadsheets in seconds and retrieve files in a flash.

It's got the power (and price) to surprise you. In many ways.

Compatibility, expandability, networking too.

With the IBM Disk Operating System, the IBM Personal Computer AT can use many programs from the fastest-growing library in the personal computer software industry.

The IBM Personal Computer AT is also available with up to 3 million bytes of user memory to run multiuser, multitasking operating systems such as XENIX™. Volume upon volume of information is available at your fingertips.

You can customize your system to store up to 20,000 pages of information at one time. And its keyboard helps you use all of this computing power more easily.

This new member of the IBM PC Family is a powerful stand-alone computer that can also be both the primary file server and a station on your network. With the new IBM PC Network (which is so easy to connect you can do it yourself), the IBM Personal Computer AT can share information with IBM PCs, PC/XTs and IBM Portable PCs.

### IBM Personal Computer AT Specifications

<b>User Memory</b> 256KB-3MB*	<b>Diagnostics</b> Power on self testing* Parity checking* CMOS configuration table with battery backup*
<b>Microprocessor</b> 16/24 bit 80286*	<b>Languages</b> BASIC Pascal FORTRAN Macro Assembler COBOL API
<b>Auxiliary Memory</b> Real and protected modes* 1.2MB and 360KB diskette drives*	<b>Printers</b> Supports attachment of serial and parallel devices*
<b>Keyboard</b> 20MB fixed disk drive* 41.2MB maximum auxiliary memory*	<b>Permanent Memory</b> (ROM) 64KB Clock/calendar with battery*
<b>Display Screen</b> IBM Monochrome and Color Displays	<b>Color/Graphics</b> Text mode* Graphics mode
<b>Operating Systems</b> DOS 3.0 XENIX*	<b>Communications</b> RS-232-C interface
	<b>Networking</b> High performance, high capacity station on the IBM PC Network*

Advanced Features for Personal Computers

Get a hands-on, hats-off demonstration.

The new IBM Personal Computer AT has the power, compatibility and expandability many PC users need, at a very appealing price.
