

Special Licensing Cases

Our contract with DARPA provides that a limited number of sites can be designated for no-cost licensing. If you have been so designated, send a note to that effect instead of a check.

If you are a part of the University of California, you should not execute the license agreement. Instead, send a letter indicating your intention to abide by the terms of the license agreement. The duplication charge is not normally waived.

If you currently hold a 3BSD license you can obtain the 4BSD material under the terms of your existing license by paying the \$300.00 duplication fee. If you later request a 4BSD license for the same material to obtain its more liberal terms, we will apply this fee to the new license.
