

The Lifestyle Lift® doesn't change you, it simply makes you look the way you did years ago.

What is the Lifestyle Lift®?

The Lifestyle Lift® is a minor one-hour procedure with major results! It was exclusively designed to improve jowls, frown lines, wrinkles, and loose neck (turkey neck) and facial skin. It requires no dangerous general anesthetic. Return to work quickly compared to a traditional procedure.

Who performs the Lifestyle Lift®?

The Lifestyle Lift® doctors specialize in the Lifestyle Lift®. By focusing on this procedure, our physicians have become the country's experts, training other physicians around the United States. We are committed to providing you with the best experience possible.

Lifestyle Lift®	
<input checked="" type="checkbox"/>	Local anesthetic, similar to dentist
<input checked="" type="checkbox"/>	Awake and relaxed
<input checked="" type="checkbox"/>	Natural results
<input checked="" type="checkbox"/>	Minimal bruising or swelling
<input checked="" type="checkbox"/>	Takes about 1 hour
<input checked="" type="checkbox"/>	Return to work quickly vs. traditional procedures
<input checked="" type="checkbox"/>	We make it affordable for most everyone

"I am very pleased. I believe in the procedure and the results. I wouldn't recommend it to my friends if I didn't. Now, I can throw out my turtleneck shirts!"
- Patricia, 46

"Wow! My skin feels really smooth and taut, like it did years ago. I would definitely recommend the Lifestyle Lift® for my daughter. I know she'll love it!"
- Gladys, 68

"I actually look good in pictures now."
- Carol, 50

"The procedure was truly awesome. There was a wonderful precision team and I am very impressed with the staff. I would do it again."
- Kay, 47

Visiting The Lifestyle Lift® Centers

An advantage of this incredible procedure is that it is performed in a safe private suite within one of the Lifestyle Lift®, state-of-the-art offices without the dangers of general anesthesia. You're relaxed, comfortable and most importantly, safe. Safety is the number one concern at Lifestyle Lift®. **Every physician is licensed, certified and resides locally.** So you can feel comfortable knowing you have a high quality facial expert no matter

which Lifestyle Lift® office you visit across the country.

Experience

When it comes to your appearance, we want you to know that you're in experienced, qualified hands. Lifestyle Lift® currently has a licensed and highly trained staff of over 50 doctors that specialize in this one procedure. This is what they do, all the time. With over 80,000 procedures performed, Lifestyle Lift®

is the leader in America. No other group of physicians can make that claim. We specialize exclusively in the face, neck and eyes so you can feel secure that you are using top doctors and the latest technology to make you look years younger. Call today to learn more and see if you're a candidate for Dr. Kent's Lifestyle Lift®.

Affordability

Although traditional procedures can cost thousands of dollars and recuperation could take weeks or months, the Lifestyle Lift® procedure is quicker and costs significantly less than traditional procedures. See why 80,000 everyday people have already had a Lifestyle Lift®.

With locations nationwide, Lifestyle Lift® is able to provide the lowest prices for this amazing procedure. For those with limited financial resources, Lifestyle Lift® offers several options including 0% interest, delayed payment plans

and guaranteed financing*. We make it affordable for everyone!

Our doctors never want price to get in the way of someone wanting to look younger by having the Lifestyle Lift®. Everyone is guaranteed to be approved.

See how you too can look the way you did years ago in about 1 hour! Call today to speak confidentially with a representative to learn more.

*At participating centers only. Minimum down payment required for guaranteed financing option. Financing options vary by state. See center for details.

A message from our Founder...

Being a board certified E.N.T. Facial Plastic Surgeon, I developed the Lifestyle Lift® so that men and women can look and feel younger without the trauma and downtime of extreme plastic surgery.

The Lifestyle Lift® has kept that promise because virtually all who have had the procedure, tens of thousands to date, could go back to work quickly compared to a traditional procedure. I believe the reason we have such great results with the Lifestyle Lift® is because we focus exclusively on this one procedure. All of our physicians are experts at making you look younger with minimal bruising or discomfort and without long recovery times.

But the best part is that it's safer...safer because we never use harmful general anesthetics during the Lifestyle Lift®. So you're never asleep and never at that risk. It's the complete opposite of extreme facial plastic

surgery where you're put under dangerous anesthetics and often don't look like yourself for months, even years. Done in about an hour, the Lifestyle Lift® will have you looking younger and more vibrant.

To sum up the Lifestyle Lift®, it's safer, easier and less expensive than the old way. When you come in for your private, confidential consultation we will show you newscasts from ABC, CBS, NBC and FOX News, demonstrating the remarkable results of the Lifestyle Lift®. You will also see many before and after pictures and learn all about this amazing new procedure and what it can do for you.

We look forward to meeting with you and answering all of your questions. If you need anything at all, please do not hesitate to contact one of our friendly staff.

* The before and after photos show actual Lifestyle Lift® patients and are used with their permission. The photos show a sampling of the results and are for illustrative purposes only. Individual results vary. The Lifestyle Lift® is a medical procedure and involves a certain amount of risk; it is an alternative to a traditional procedure. Patients may experience some bruising and discomfort, although usually not as severe as with traditional procedures. The Lifestyle Lift® usually takes approximately one hour to complete under local anesthesia but may require more time to achieve best possible results or if additional procedures (such as neck firming or eyelid procedures) are performed. Most Lifestyle Lift® patients return to work and their normal activities in about a week. Some people may need extra healing time. Patients who have additional procedures may need additional recovery time. The statements and photographs do not constitute a promise or guarantee of any particular outcome or anything else. Ask your Lifestyle Lift® physician about your individual case and what you can expect.
